**What is the role of the Health and Wellbeing Board in relation to this paper?**

1. The Joint Health and Wellbeing Strategy sets the long term strategic framework for improving health and wellbeing in Suffolk through its four outcomes. Outcome one is Giving every child in Suffolk the best start in life. The strategy that sits behind this outcome is Family 2020. A copy of the draft strategy is attached at Appendix A.

**Key question for discussion:**

2. The key question for discussion is: How would the Health and Wellbeing Board like to be involved in the engagement phase of Family 2020, and support delivery?

**What actions or decisions is the Board being asked to take?**

3. Support engagement and delivery of Family 2020.
4. To receive a final version of Family 2020 in the Autumn.

**Brief summary of report**

5. This report introduces the Family 2020 strategy, which will deliver outcome one of the Health and Wellbeing Strategy, "Giving every child in Suffolk the best start in life".

**Main body of report**

**Background**

6. The Health and Wellbeing Board agreed at their meeting on 10 March 2016:

- a) That the Board's main roles should be to enable better partnership working across the public system in Suffolk and to unblock problems at a strategic level.
- b) That the role of overseeing the delivery of the Joint Health and Wellbeing Strategy Outcomes should be devolved to the Board's sub-partnership groups. The Board would maintain a 'light touch' oversight of these groups
- c) Family 2020 has been drafted as a system-wide Strategy that is owned and agreed by the Children's Trust Board and delivers outcome one of the Joint Health and Wellbeing Strategy.

**Key points**

- 7. Family 2020 has been developed with partners, and is part of the NHS Sustainability and Transformation Plans.
- 8. Family 2020 is our five year transformation plan for children's services. It sets out the principles, actions and enablers that will deliver efficiency and better outcomes for families in Suffolk.
- 9. For Family 2020 to be successful it must have shared ownership from all partners in the Suffolk system working with families.
- 10. Although Family 2020 is a finished draft, it is not a completed document and will be subject to further engagement until September 2016 to shape the final version.
- 11. An engagement strategy will be agreed by the Children's Trust Board in May. The engagement will cover all partners, and will be co-produced with Communicate Suffolk.
- 12. The outcomes of the Strategy have been co-produced with families.

**Why this action/decision is recommended**

- 13. To agree a system-wide family strategy which transforms family services to meet future challenges, and enables effective delivery of outcome one of the Joint Health and Wellbeing Strategy.

**Alternative options (if appropriate)**

- 14. None.

**Who will be affected by this action/decision?**

- 15. Suffolk residents and Health and Wellbeing Board partners
