Suffolk and North East Essex Sustainability and Transformation Plan Update

21/7/2016

Update

- Joint STP Steering Group has convened 6 times since April 2016
- Focus has been on:
 - understanding the 3 gaps:
 - Health and Wellbeing gap
 - Care and Quality gap
 - Finance and Efficiency gap
 - identifying key priorities for the footprint (see next slide)
- Checkpoint submission completed 30/6/2016
- System leaders to attend review with NHS Arms Length Bodies on 8/7/2016
- STP to be further developed between July and September, to include:
 - Response to feedback from 8/7/2016 review
 - Detailed financials to demonstrate how the financial gap will be closed by 2020/21 – Finance template due 16/9/2016
 - Future commissioning, delivery and governance arrangements
 - Plans for communication, engagement and consultation as appropriate
- Final plans to be agreed no later than October 2016

Suffolk and North East Essex Sustainability and Transformation Plan Our vision for a sustainable future

Plan on a page Our vision is that people across Suffolk and North East Essex live healthier, happier lives by having greater choice, control and responsibility Vision for their health and wellbeing in line with our HWBB strategies It is accepted that we cannot meet the challenges we face and deliver this vision over the next five years through continued incremental change. In addition, no single partner or locality can deliver the scale of transformation and become financially sustainable on its own. Our transformation must be comprehensive and cover all aspects of health and care for our local population if we are to become a sustainable system. threads Golden Innovative **Financial Patient** Honesty Place based Simplification Prevention Integration Engagement sustainability activation and realism technology approach **Resilient Communities Managing Demand** Priorities **Acute Reconfiguration** STP wide step change in working with our Transforming locality based care and Create financially and clinically viable, support through health and care integration local community to build resilience and for us acute hospitals across our STP footprint. to better manage our growing demand. and the building of resilient communities. models of 3 Integrated Accountable Care Systems (IACS): Ipswich and East Suffolk, West Suffolk and North East Essex e.g Multispecialty Community Provider / Primary and Acute Care Systems or a combination (see section 8) New models of primary care (GP 5 Year Forward View) **Urgent and Emergency Care Networks** New **Acute Transformation and Reconfiguration Enablers Commissioning and** Leadership and Digital and IT Workforce and OD Estates delivery arrangements Governance 23
