Audit Committee
Suffolk County Council
Endeavour House
8 Russell Road
Ipswich
Suffolk
IP1 2BX

15 March 2017

Dear Committee Members

Audit Plan

We are pleased to attach our Audit Plan which sets out how we intend to carry out our responsibilities as the Council's appointed auditor. Its purpose is to provide the Audit Committee with a basis to review our proposed audit approach and scope for the 2016/17 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2015 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This Plan summarises our preliminary assessment of the key risks driving the development of an effective audit for the Council, and outlines our planned audit strategy in response to those risks. Where relevant, if our risk assessment changes, we will present you with an update of our Audit Plan at a subsequent meeting when our detailed planning procedures have been completed, and our interim planning work has been performed.

We welcome the opportunity to discuss this Audit Plan with you on 15 March 2017 and to understand whether there are other matters which you consider may influence our audit.

Yours faithfully

Mark Hodgson
For and behalf of Ernst & Young LLP

In April 2015 Public Sector Audit Appointments Ltd (PSAA) issued "Statement of responsibilities of auditors and audited bodies". It is available from the Chief Executive of each audited body and via the PSAA website (www.psaa.co.uk).

The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The 'Terms of Appointment from 1 April 2015' issued by PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and statute, and covers matters of practice and procedure which are of a recurring nature.

This Audit Plan is prepared in the context of the Statement of responsibilities. It is addressed to the Audit Committee, and is prepared for the sole use of the audited body. We, as appointed auditor, take no responsibility to any third party.

Our Complaints Procedure – If at any time you would like to discuss with us how our service to you could be improved, or if you are dissatisfied with the service you are receiving, you may take the issue up with your usual partner or director contact. If you prefer an alternative route, please contact Steve Varley, our Managing Partner, 1 More London Place, London SE1 2AF. We undertake to look into any complaint carefully and promptly and to do all we can to explain the position to you. Should you remain dissatisfied with any aspect of our service, you may of course take matters up with our professional institute. We can provide further information on how you may contact our professional institute.

1. Overview

This Audit Plan covers the work that we plan to perform to provide you with:

- ▶ Our audit opinion on whether the financial statements of Suffolk County Council (the 'Council') give a true and fair view of the financial position as at 31 March 2017 and of the income and expenditure for the year then ended; and
- ▶ Our conclusion on the Council's arrangements to secure economy, efficiency and effectiveness.

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Council's Whole of Government Accounts return.

Our audit will also include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards.

When planning the audit we take into account several key inputs:

- ▶ Strategic, operational and financial risks relevant to the financial statements;
- ▶ Developments in financial reporting and auditing standards;
- ▶ The quality of systems and processes;
- ▶ Changes in the business and regulatory environment; and,
- ▶ Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Council.

We will provide an update to the Audit Committee on the results of our work in these areas in our report to those charged with governance scheduled for delivery in July 2017.

2. Financial statement risks

We outline below our current assessment of the financial statement risks facing the Council, identified through our knowledge of the Council's operations and discussion with those charged with governance and officers. We will seek to validate these with you.

Following completion of our detailed planning and interim audit procedures we will consider if any revisions are required to our identified risk assessment and provide you with an update.

Significant risks (including fraud risks)	Our audit approach
<p>Risk of fraud in revenue recognition</p> <p>Under ISA240 there is a presumed risk that revenue may be misstated due to improper recognition of revenue.</p> <p>In the public sector, this requirement is modified by Practice Note 10, issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition.</p> <p>We have rebutted this risk for the Council's income and expenditure streams except for the capitalisation of revenue expenditure on Property, Plant and Equipment given the extent of the Council's capital programme.</p>	<p>Our approach will focus on:</p> <ul style="list-style-type: none"> ▶ Review and test revenue and expenditure recognition policies; ▶ Review and discuss with management any accounting estimates on revenue or expenditure recognition for evidence of bias; ▶ Develop a testing strategy to test material revenue and expenditure streams; ▶ Review and test revenue cut-off at the period end date; and ▶ Review capital expenditure on property, plant and equipment to ensure it meets the relevant accounting requirements to be capitalised.
<p>Risk of management override</p> <p>As identified in ISA (UK and Ireland) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. We identify and respond to this fraud risk on every audit engagement.</p> <p>We have assessed journal amendments, accounting estimates and unusual transactions as the area's most open to manipulation.</p>	<p>Our approach will focus on:</p> <ul style="list-style-type: none"> ▶ Testing the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements; ▶ Reviewing accounting estimates for evidence of management bias; ▶ Evaluating the business rationale for significant unusual transactions.
<p>Other financial statement risks</p>	
<p>Academies</p> <p>Schools have continued to convert to academy status since 2015/16. This has implications for the treatment of the schools' property, plant and equipment, debtors, creditors, cash, balances and income (including dedicated schools grant) and expenditure within the Council's accounts.</p> <p>There is a risk that these schools' transactions and balances may be either incorrectly included or omitted.</p>	<p>Our approach will focus on:</p> <ul style="list-style-type: none"> ▶ Reviewing the arrangements for agreeing with the schools assets, liabilities and balances for transfer; and ▶ Reviewing how the transfers have been accounted for.

Other financial statement risks (continued)

Group Structure

The Council has set up a new subsidiary, Suffolk Group Holdings Ltd (Group Holdings) which is a wholly owned entity of the Council which provides governance over Vertas, Concertus and OPUS. In addition, there have also been divestments and acquisitions.

As in prior years the Council will need to consider the consolidation of subsidiaries including the elimination of inter-group transactions and the consolidation adjustments required to align accounting policy differences.

The Council will also need to ensure that the accounts reflect all required disclosure requirements for group accounts.

Production of statements and disclosure notes for the group accounts and the closedown and consolidation process therefore presents a financial statements risk.

Our approach will focus on:

- ▶ Assessing the group boundary and the significance of the components to the group accounts.
- ▶ If required, liaising with the auditors of the significant component companies.
- ▶ Ensuring that appropriate consolidation procedures are applied when consolidating the subsidiary into the Suffolk County Council group accounts:
 - Understanding the process for consolidation.
 - Understanding the transactions undertaken between the entities and testing that the appropriate accounting entries have been made to eliminate inter-group transactions.
 - Understanding and testing the differences in accounting policies, ensuring that the appropriate adjustments are made on consolidation to align accounting policies set for the group.
 - Reviewing the disclosures in the group accounts to ensure that they are materially accurate and complete.

Accounting for Property, Plant and Equipment

Property, Plant and Equipment represent a significant balance in the Council's accounts and are subject to valuation changes, impairment reviews and depreciation charges.

Material judgemental inputs and estimation techniques are required to calculate the year-end fixed assets balances held in the balance sheet.

The Council will engage an external expert valuer who will apply a number of complex assumptions. Annually assets are assessed to identify whether there is any indication of impairment.

As the Council's asset base is significant, and the outputs from the valuer are subject to estimation, there is a risk fixed assets may be under/overstated or the associated accounting entries incorrectly posted.

ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.

Our approach will focus on:

- Reliance on management's valuations experts. This will include comparison to industry valuation trends and reliance on our own valuation experts where significant unexplained variations are identified; and
- ▶ Testing the accounting treatment of valuations made in the year, including the assessment and treatment of impairments.

Pension valuations and disclosures

The Local Authority Accounting Code of Practice and IAS19 require the Council to make extensive disclosures within its financial statements regarding the Local Government Pension Scheme (LGPS) in which it is an admitted body.

The Council's current pension fund deficit is a material and sensitive item and the Code requires that this liability be disclosed on the Council's balance sheet.

The information disclosed is based on the IAS 19 report issued to the Council by the actuary to the administering body.

Accounting for this scheme involves significant estimation and judgement.

ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.

Our approach will focus on:

- ▶ Liaising with the audit engagement team and Partner of the Suffolk Pension Fund, to obtain assurances over the information supplied to the actuary in relation to Suffolk County Council;
- ▶ Assessing the conclusions drawn on the work and assumptions used by Hymans (the Pension Fund actuary) by using and reviewing the work of the Consulting Actuary commissioned by Public Sector Auditor Appointments for all Local Government sector auditors, PwC; and
- ▶ Reviewing and testing the accounting entries and disclosures made within the Council's financial statements in relation to IAS19.

Other financial statement risks (Continued)
Waste treatment plant Private Finance Initiative (PFI) Valuation

The Council entered into a PFI contract with Suez Environment (formerly SITA Suffolk Ltd) to build and operate an energy plant from a waste facility at Great Blakenham. The plant was completed and became operational in December 2014.

The Code requires that the PFI asset, the related liability, and income and expenditure arising from the contract are recognised in the Council's accounts from the date the asset becomes operational and service provision commences in accordance with IFRIC 12.

During the year the Council have made a number of changes to the PFI model which calculates the figures for inclusion in the financial statements.

There is a risk that the model is inappropriately updated, or that the subsequent financial figures are incorrectly taken to the financial statements.

Our approach will focus on:

- ▶ reviewing the changes to the PFI model to confirm that they are appropriate and have been correctly reflected in the model;
- ▶ reviewing the information provided to the specialist PFI Valuer and undertaking procedures to ensure we can rely on the Valuer as management's expert; and
- ▶ reviewing the inputs to the model and the accounting entries for 2016/17 in relation to the PFI plant.

Financial statements presentation – Expenditure and funding analysis and Comprehensive income and expenditure statement

Amendments have been made to the Code of Practice on Local Authority Accounting in the United Kingdom 2016/17 (the Code) this year changing the way the financial statements are presented.

The new reporting requirements impact the Comprehensive Income and Expenditure Statement (CIES) and the Movement in Reserves Statement (MiRS), and include the introduction of the new 'Expenditure and Funding Analysis' note as a result of the 'Telling the Story' review of the presentation of local authority financial statements.

The Code no longer requires statements or notes to be prepared in accordance with SeRCOP. Instead the Code requires that the service analysis is based on the organisational structure under which the authority operates. We expect this to show the Council's segmental analysis.

This change in the Code will require a new structure for the primary statements, new notes and a full retrospective restatement of impacted primary statements. The restatement of the 2015/16 comparatives will require audit review, which could potentially incur additional costs, depending on the complexity and manner in which the changes are made.

Our approach will focus on:

- ▶ Review of the expenditure and funding analysis, CIES and new notes to ensure disclosures are in line with the Code;
- ▶ Review of the analysis of how these figures are derived, how the ledger system has been re-mapped to reflect the Council's organisational structure and how overheads are apportioned across the service areas reported; and
- ▶ Agreement of restated comparative figures back to the Council's segmental analysis and supporting working papers.

2.1 Responsibilities in respect of fraud and error

We would like to take this opportunity to remind you that management has the primary responsibility to prevent and detect fraud. It is important that management, with the oversight of those charged with governance, has a culture of ethical behaviour and a strong control environment that both deters and prevents fraud.

Our responsibility is to plan and perform audits to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatements whether caused by error or fraud. As auditors, we approach each engagement with a questioning mind that accepts the possibility that a material misstatement due to fraud could occur, and design the appropriate procedures to consider such risk.

Based on the requirements of auditing standards our approach will focus on:

- ▶ Identifying fraud risks during the planning stages;
- ▶ Enquiry of management about risks of fraud and the controls to address those risks;
- ▶ Understanding the oversight given by those charged with governance of management's processes over fraud;
- ▶ Consideration of the effectiveness of management's controls designed to address the risk of fraud;
- ▶ Determining an appropriate strategy to address any identified risks of fraud, and,
- ▶ Performing mandatory procedures regardless of specifically identified risks.

3. Value for money risks

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.
For 2016/17 this is based on the overall evaluation criterion:

"In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people"

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

We are only required to determine whether there are any risks that we consider significant, which the Code of Audit Practice defines as:

"A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public"

Our risk assessment supports the planning of sufficient work to enable us to deliver a safe conclusion on arrangements to secure value for money and enables us to determine the nature and extent of further work that may be required. If we do not identify any significant risks there is no requirement to carry out further work.

Our risk assessment has therefore considered both the potential financial impact of the issues we have identified, and also the likelihood that the issue will be of interest to local taxpayers, the Government and other stakeholders.

At this stage, we have identified one risk which we view as relevant to our value for money conclusion. This is set out in the table on the subsequent page.

Significant value for money risks

Our audit approach

Sustainable resource deployment: Achievement of savings needed over the medium term

To date the Council has responded well to the financial pressure resulting from the continuing economic downturn. However, substantial savings are required over the period to 2016 to 2020 to balance the budget:

- ▶ 2016/17 - £34.4 million
- ▶ 2017/18 - £39.8 million
- ▶ 2018/19 - £19.7 million
- ▶ 2019/20 - £11.4 million

The most recent financial forecast for the year ended 31 March 2017 projects an overspend of £11.9 million, which will require a call on Reserves to address the additional expenditure.

In addition, the Council has only identified savings totalling £31.3 million in 2017/18 against a budget gap of £39.8 million meaning that a further £8.5 million will be required from Reserves to balance the budget. Detailed savings plans will also be required in subsequent years to ensure reserves are sustained.

It is clear that the Council is facing a number of financial pressures which may impact on its ability to develop and deliver sustainable financial and service plans for current and future years.

Therefore a risk remains that further savings or increased income will not be identified to close the funding shortfall in 2017/18 to 2019/20.

Our approach will focus on:

- ▶ The adequacy of the Council's budget monitoring process, comparing budget to outturn;
- ▶ The robustness of any assumptions used in medium term planning;
- ▶ The Council's approach to prioritising resources whilst maintaining services; and
- ▶ The savings plans in place, and assessing the likelihood of whether these plans can provide the Council with the required savings/efficiencies over the medium term.

4. Our audit process and strategy

4.1 Objective and scope of our audit

Under the Code of Audit Practice our principal objectives are to review and report on the Council's:

- ▶ Financial statements
- ▶ Arrangements for securing economy, efficiency and effectiveness in its use of resources to the extent required by the relevant legislation and the requirements of the Code.

We issue an audit report that covers:

1. Financial statement audit

Our objective is to form an opinion on the financial statements under International Standards on Auditing (UK and Ireland).

We report to you by exception in respect of your governance statement and other accompanying material as required, in accordance with relevant guidance prepared by the NAO on behalf of the Comptroller and Auditor General.

Alongside our audit report, we also:

- ▶ Review and report to the NAO on the Whole of Government Accounts return to the extent and in the form they require; and
 - ▶ Give a separate opinion on the part of the Council's financial statements that relates to the accounts of the pension fund.
- #### 2. Arrangements for securing economy, efficiency and effectiveness (value for money)

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.

4.2 Audit process overview

Our audit involves:

- ▶ Understanding and evaluating key internal controls where we have identified significant risks;
- ▶ Understanding and evaluating the key internal controls in place where we have identified significant classes of transactions and testing the operation of these controls for the selected areas set out below.
- ▶ Reviewing the work of Internal Audit where appropriate to inform the identification of risk and our work on the Annual Governance Statement;
- ▶ Reliance on the work of internal audit in relation to accounts payable controls;
- ▶ Reliance on the work of other auditors where appropriate
- ▶ Reliance on the work of experts in relation to areas such as pensions and property valuations and PFI accounting

- ▶ Substantive tests of detail of transactions and amounts.
- ▶ Our involvement in the work done by component auditors (detailed in Appendix C)

Processes

Our initial assessment of the key processes across the Council has identified the following key processes where we will seek to test key controls, both manual and IT:

- ▶ Accounts receivable
- ▶ Accounts payable

All other areas, including Property, plant and equipment, financial statement close processes including journals, investments, treasury management, payroll, social care expenditure and cash balances will be tested substantively at year end where significant enough to warrant testing.

Analytics

We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- ▶ Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests
- ▶ Give greater likelihood of identifying errors than random sampling techniques.

Internal audit

As in prior years, we will review internal audit plans and the results of their work. We will reflect the findings from these reports, together with reports from any other work completed in the year, in our detailed audit plan, where we raise issues that could have an impact on the year-end financial statements.

We will specifically seek to rely on the work of internal audit in relation to accounts payable controls and will re-perform a sample of their work to gain the required assurance.

Use of specialists

When auditing key judgements, we are often required to rely on the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where either EY or third party specialists provide input for the current year audit are:

Area	Specialists
Property, plant and equipment	Concertus and Lambert Smith Hampton (Suffolk County Council’s property valuers)
PFI valuation	Gerald Eve, EY Valuation team
PFI accounting disclosures and accounting model	Arlingclose (PFI technical adviser)
Pensions	EY Pensions Advisory, PwC (Consulting Actuary to the PSAA) and Hymans Robertson (Suffolk Pension Fund actuary)

In accordance with Auditing Standards, we will evaluate each specialist’s professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Council's environment and processes and our assessment of audit risk in the particular area. For example, we would typically perform the following procedures:

- ▶ Analyse source data and make inquiries as to the procedures used by the expert to establish whether the source data is relevant and reliable
- ▶ Assess the reasonableness of the assumptions and methods used;
- ▶ Consider the appropriateness of the timing of when the specialist carried out the work; and
- ▶ Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

4.3 Mandatory audit procedures required by auditing standards and the Code

As well as the financial statement risks (section two) and value for money risks (section three), we must perform other procedures as required by auditing, ethical and independence standards, the Code and other regulations. We outline below the procedures we will undertake during the course of our audit.

Procedures required by standards

- ▶ Addressing the risk of fraud and error;
- ▶ Significant disclosures included in the financial statements;
- ▶ Entity-wide controls;
- ▶ Reading other information contained in the financial statements and reporting whether it is inconsistent with our understanding and the financial statements; and
- ▶ Auditor independence.

Procedures required by the Code

- ▶ Reviewing, and reporting on as appropriate, other information published with the financial statements, including the Annual Governance Statement.
- ▶ Reviewing and reporting on the Whole of Government Accounts return, in line with the instructions issued by the NAO.

Finally, we are also required to discharge our statutory duties and responsibilities as established by the Local Audit and Accountability Act 2014 and Code of Audit Practice.

4.4 Materiality

For the purposes of determining whether the financial statements are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in aggregate, could reasonably be expected to influence the users of the financial statements. Our evaluation requires professional judgement and so takes into account qualitative as well as quantitative considerations implied in the definition.

We have determined that overall materiality for the financial statements of the Council is £11.041 million based on 1% of gross expenditure. We will communicate uncorrected audit misstatements greater than £0.552 million to you.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all the circumstances that might ultimately influence our judgement. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the financial statements, including the total effect of any audit misstatements, and our evaluation of materiality at that date.

4.5 How materiality is applied to the component locations

We determine component materiality as a percentage of Group materiality based on risk and relative size to the Group. We will undertake this process once our scoping procedures on the group structure are finalised.

4.6 Fees

The duty to prescribe fees is a statutory function delegated to Public Sector Audit Appointments Ltd (PSAA) by the Secretary of State for Communities and Local Government. PSAA has published a scale fee for all relevant bodies. This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the NAO Code. The indicative fee scale for the audit of Suffolk County Council is £90,518.

The indicative scale fee does not take into account any additional work that may be required as a result of:

- ▶ PFI – The Council have proposed some changes to the PFI model and associated accounting which we are in the processing of reviewing which will require additional work and support from a specialist.
- ▶ Amendments to the Code changing the way the financial statements are presented. Management are currently evaluating the extent of the change to the Council. Once this has been completed we will consider the audit procedures required to audit the restatement and if required propose an additional fee for the completion of the work.

Final fees for this work will be confirmed following agreement with officers and confirmation from PSAA.

4.7 Your audit team

The engagement team is led by Mark Hodgson, who has significant experience on county council audits. Mark is supported by Hayley Clark, Senior Manager, who is responsible for the day-to-day direction of audit work and is the key point of contact for the chief accountant.

4.8 Timetable of communication, deliverables and insights

We have set out below a timetable showing the key stages of the audit, including the value for money work and the Whole of Government Accounts. The timetable includes the deliverables we have agreed to provide to the Council through the Audit Committee's cycle in 2016/17. These dates are determined to ensure our alignment with PSAA's rolling calendar of deadlines.

From time to time matters may arise that require immediate communication with the Audit Committee and we will discuss them with the Chair as appropriate.

Following the conclusion of our audit we will prepare an Annual Audit Letter to communicate the key issues arising from our work to the Council and external stakeholders, including members of the public.

Audit phase	Timetable	Audit Committee timetable	Deliverables
High level planning	April 2016 January 2017		Audit Fee Letter
Risk assessment and setting of scopes	January – March 2017	March 2017	Audit Plan
Testing routine processes and controls	February – April 2017	June 2017	Progress Report if required
Year-end audit	June – July 2017		
Completion of audit	July 2017	July 2017	Report to those charged with governance via the Audit Results Report Audit report (including our opinion on the financial statements and overall value for money conclusion). Audit completion certificate Reporting to the NAO on the Whole of Government Accounts return.
Conclusion of reporting	July to October 2017	September or November 2017	Annual Audit Letter

In addition to the above formal reporting and deliverables we will seek to provide practical business insights and updates on regulatory matters.

5. Independence

5.1 Introduction

The APB Ethical Standards and ISA (UK and Ireland) 260 ‘Communication of audit matters with those charged with governance’, requires us to communicate with you on a timely basis on all significant facts and matters that bear on our independence and objectivity. The Ethical Standards, as revised in December 2010, require that we do this formally both at the planning stage and at the conclusion of the audit, as well as during the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

Required communications	
Planning stage	Final stage
<ul style="list-style-type: none"> ▶ The principal threats, if any, to objectivity and independence identified by EY including consideration of all relationships between you, your affiliates and directors and us; ▶ The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality Review; ▶ The overall assessment of threats and safeguards; ▶ Information about the general policies and process within EY to maintain objectivity and independence. 	<ul style="list-style-type: none"> ▶ A written disclosure of relationships (including the provision of non-audit services) that bear on our objectivity and independence, the threats to our independence that these create, any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed; ▶ Details of non-audit services provided and the fees charged in relation thereto; ▶ Written confirmation that we are independent; ▶ Details of any inconsistencies between APB Ethical Standards, the PSAA Terms of Appointment and your policy for the supply of non-audit services by EY and any apparent breach of that policy; and ▶ An opportunity to discuss auditor independence issues.

During the course of the audit we must also communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of our safeguards, for example when accepting an engagement to provide non-audit services.

We also provide information on any contingent fee arrangements, the amounts of any future contracted services, and details of any written proposal to provide non-audit services;

We ensure that the total amount of fees that EY and our network firms have charged to you and your affiliates for the provision of services during the reporting period are disclosed, analysed in appropriate categories.

5.2 Relationships, services and related threats and safeguards

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including any principal threats. However we have adopted the safeguards below to mitigate these threats along with the reasons why they are considered to be effective.

Self-interest threats

A self-interest threat arises when EY has financial or other interests in your entity. Examples include where we have an investment in your entity; where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with the Council.

At the time of writing, there are no long outstanding fees.

We believe that it is appropriate for us to undertake permissible non-audit services, and we will comply with the policies that the Council has approved and that are in compliance with PSAA Terms of Appointment.

At the time of writing, the current ratio of non-audit fees to audit fees is approximately 0.11:1. We have adopted the following safeguards as a result. No additional safeguards are required.

A self-interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to the Council. We confirm that no member of our audit engagement team, including those from other service lines, is in this position, in compliance with Ethical Standard 4.

There are no other self-interest threats at the date of this report.

Self-review threats

Self-review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements.

There are no self-review threats at the date of this report.

Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of your entity. Management threats may also arise during the provision of a non-audit service where management is required to make judgements or decisions based on that work.

There are no management threats at the date of this report.

Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise.

There are no other threats at the date of this report.

Overall Assessment

Overall we consider that the adopted safeguards appropriately mitigate the principal threats identified, and we therefore confirm that EY is independent and the objectivity and independence of Mark Hodgson, the audit engagement Director and the audit engagement team have not been compromised.

5.3 Other required communications

EY has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes within EY for maintaining objectivity and independence can be found in our annual Transparency Report, which the firm is required to publish by law. The most recent version of this report is for the year ended June 2016 and can be found here:

<http://www.ey.com/uk/en/about-us/ey-uk-transparency-report-2016>

Appendix A Fees

A breakdown of our agreed fee is shown below.

	Planned Fee 2016/17 £'s	Scale fee 2016/17 £'s	Outturn fee 2015/16 £'s	Explanation
Opinion Audit and VFM Conclusion	90,518*	90,518*	100,990	*The fee currently quoted is the scale fee as set by PSAA. As set out in section 4.6 there are two matters which are likely to alter the planned fee for 2016/17. Once these have been agreed we will provide you with an update.
Total Audit Fee – Code work	90,518*	90,518*	100,990	
Non-audit work	TBC**	-	10,000**	** As set out in section 5.2 we are currently undertaking agreed upon procedures for the Teachers' Pension Return for 2015/16. We have not yet been engaged to undertake this work for 2016/17 but will provide an update on this as required.

All fees exclude VAT.

The agreed fee presented above is based on the following assumptions:

- ▶ Officers meeting the agreed timetable of deliverables;
- ▶ The operating effectiveness of the internal controls for the key processes outlined in section 4.2 above;
- ▶ We can rely on the work of internal audit as planned;
- ▶ Our accounts opinion and value for money conclusion being unqualified;
- ▶ Appropriate quality of documentation is provided by the Council; and
- ▶ The Council has an effective control environment.

If any of the above assumptions prove to be unfounded, we will seek a variation to the agreed fee. This will be discussed with the Council in advance.

Fees for the auditor's consideration of correspondence from the public and formal objections will be charged in addition to the scale fee.

Appendix B UK required communications with those charged with governance

There are certain communications that we must provide to the [Audit Committee]. These are detailed here:

Required communication	Reference
<p>Planning and audit approach</p> <p>Communication of the planned scope and timing of the audit including any limitations.</p>	▶ Audit Plan
<p>Significant findings from the audit</p> <ul style="list-style-type: none"> ▶ Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures ▶ Significant difficulties, if any, encountered during the audit ▶ Significant matters, if any, arising from the audit that were discussed with management ▶ Written representations that we are seeking ▶ Expected modifications to the audit report ▶ Other matters if any, significant to the oversight of the financial reporting process 	▶ Audit Results Report
<p>Misstatements</p> <ul style="list-style-type: none"> ▶ Uncorrected misstatements and their effect on our audit opinion ▶ The effect of uncorrected misstatements related to prior periods ▶ A request that any uncorrected misstatement be corrected ▶ In writing, corrected misstatements that are significant 	▶ Audit Results Report
<p>Fraud</p> <ul style="list-style-type: none"> ▶ Enquiries of the Audit Committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity ▶ Any fraud that we have identified or information we have obtained that indicates that a fraud may exist ▶ A discussion of any other matters related to fraud 	▶ Audit Results Report
<p>Related parties</p> <p>Significant matters arising during the audit in connection with the entity's related parties including, when applicable:</p> <ul style="list-style-type: none"> ▶ Non-disclosure by management ▶ Inappropriate authorisation and approval of transactions ▶ Disagreement over disclosures ▶ Non-compliance with laws and regulations ▶ Difficulty in identifying the party that ultimately controls the entity 	▶ Audit Results Report
<p>External confirmations</p> <ul style="list-style-type: none"> ▶ Management's refusal for us to request confirmations ▶ Inability to obtain relevant and reliable audit evidence from other procedures 	▶ Audit Results Report
<p>Consideration of laws and regulations</p> <ul style="list-style-type: none"> ▶ Audit findings regarding non-compliance where the non-compliance is material and believed to be intentional. This communication is subject to compliance with legislation on tipping off ▶ Enquiry of the Audit Committee into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements and that the Audit Committee may be aware of 	▶ Audit Results Report

Required communication	Reference
<p>Independence</p> <p>Communication of all significant facts and matters that bear on EY’s objectivity and independence</p> <p>Communication of key elements of the audit engagement director’s consideration of independence and objectivity such as:</p> <ul style="list-style-type: none"> ▶ The principal threats ▶ Safeguards adopted and their effectiveness ▶ An overall assessment of threats and safeguards ▶ Information about the general policies and process within the firm to maintain objectivity and independence 	<ul style="list-style-type: none"> ▶ Audit Plan ▶ Audit Results Report
<p>Going concern</p> <p>Events or conditions identified that may cast significant doubt on the entity’s ability to continue as a going concern, including:</p> <ul style="list-style-type: none"> ▶ Whether the events or conditions constitute a material uncertainty ▶ Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements ▶ The adequacy of related disclosures in the financial statements 	<ul style="list-style-type: none"> ▶ Audit Results Report
<p>Significant deficiencies in internal controls identified during the audit</p>	<ul style="list-style-type: none"> ▶ Audit Results Report
<p>Fee Information</p> <ul style="list-style-type: none"> ▶ Breakdown of fee information at the agreement of the initial audit plan ▶ Breakdown of fee information at the completion of the audit 	<ul style="list-style-type: none"> ▶ Audit Plan ▶ Audit Results Report ▶ Annual Audit Letter if considered necessary
<p>Group audits</p> <ul style="list-style-type: none"> ▶ An overview of the type of work to be performed on the financial information of the components ▶ An overview of the nature of the group audit team’s planned involvement in the work to be performed by the component auditors on the financial information of significant components ▶ Instances where the group audit team’s evaluation of the work of a component auditor gave rise to a concern about the quality of that auditor’s work ▶ Any limitations on the group audit, for example, where the group engagement team’s access to information may have been restricted ▶ Fraud or suspected fraud involving group management, component management, employees who have significant roles in group-wide controls or others where the fraud resulted in a material misstatement of the group financial statements 	<ul style="list-style-type: none"> ▶ Audit Plan ▶ Audit Results Report

Appendix C Detailed scopes

Our objective is to form an opinion on the group's consolidated financial statements under International Standards on Auditing (UK and Ireland).

We set audit scopes for each reporting unit which together enable us to form an opinion on the group accounts. We take into account the size, risk profile, changes in the business environment and other factors when assessing the level of work to be performed at each reporting unit.

- ▶ **Full scope:** locations deemed significant based on size and those with significant risk factors are subject to a full scope audit, covering all significant accounts and processes using materiality levels assigned by the Group audit team for the purposes of the consolidated audit. Procedures are full-scope in nature, but may not be sufficient to issue a stand-alone audit opinion on the local statutory financial statements (as materiality thresholds support to the consolidated audit).
- ▶ **Specific scope:** locations where only specific procedures are performed by the local audit team, based upon procedures, accounts or assertions identified by the Group audit team.
- ▶ **Limited Scope:** limited scope procedures primarily consist of enquiries of management and analytical review. On-site or desk top reviews may be performed, according to our assessment of risk.
- ▶ **Other procedures:** For those locations that we do not consider material to the Group financial statements in terms of size relative to the Group and risk, we perform other procedures to confirm that there is no risk of material misstatement within those locations.

ISA 600 (UK and Ireland) requires that we provide you with an overview of the nature of our planned involvement in the work to be performed by the component auditors of significant locations/reporting units.

Our audit approach is risk based and following an assessment of the risks presented by the significant component company within the Suffolk County Council group, we will adopt a preliminary audit scope to enable us to report on the group accounts.

We are reviewing the updated group structure of the subsidiary companies. Once this is complete we will determine the audit scope for the subsidiary and update the Audit Committee in this respect.
